American Ships of the Colonial and Revolutionary Periods Apr 24 2022 This book attempts to show what is known about American ships--ships designed by, built by, or owned by Americans--before the Federal period. An introductory chapter explains basic features common to all ships of the seventeenth and eighteenth centuries, including design, construction, rigs, and purposes for which they were built. The rest of the book is devoted to the specifics of over 150 ships of all sizes, giving an account of the history and significance of each ship, as well as plans of each hull, in some cases accompanied by sketches based on eyewitness portraits of the original ships.

The Federal Principle May 26 2022 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1978.

History of the United States of America Jan 22 2022 Excerpt from History of the United States of America, Vol. 4 The History of the United States naturally divides itself into two principal parts. The first, colonial and revolutionary ; the second, embracing the period subsequent to the adoption of the Federal Constitution. Having already sketched in three volumes the story of the colonial and revolutionary times, I have been encouraged to enter, somewhat more at large than I had originally intended, upon the history of the second period - that part of it, at least, which the lapse of time has so far thrown into perspective as to enable it to be comprehended by the historic eye, not as a fragmentary series of events, but, to a certain extent, as a finished whole. Such is the case with the first generation subsequent to the adoption of the Federal Constitution, including the origin, policy, conflicts, mutations, and final dissolution of the two parties known as Federalists and Republicans, or Democrats; a period of struggles within, and of dangers from without, during which the tenacity of the American Union and the strength of the federal government were subjected to repeated and trying tests. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

United States Code Annotated Sep 25 2019 Comprises all laws of a general and permanent nature under arrangement of the official Code of laws of the United States, with annotations from Federal and State courts.
