The Oryx Guide to Distance Learning Nov 15 2021 "The only comprehensive resource available ... a solid perspective on the full range of programs now being offered via distance education". -- Choice ***The Oryx Guide to Distance Learning is the only comprehensive directory to over 1,200 courses offered via media-assisted teaching by accredited U.S. institutions. Prospective students can access detailed descriptions of courses available through audiocassettes, audiographic conferencing, electronic mail, videocassettes, broadcast television via local cable stations, computer tutorials, and online interaction via modems.***

Romantic 'Anglo-Italians' Jul 11 2021 Focusing on key members of the Pisan Circle, Byron, the Shelleys, and Leigh Hunt, Maria Schoina explores configurations of identity and the acculturating practices of British expatriates in post-Napoleonic Italy. The problems involved in British Romanticism's relations to its European 'others' are her point of departure, as she argues that the emergence and mission of what Mary Shelley termed the 'Anglo-Italian' is inextricably linked to the social, political, economic, and cultural conditions of the age: the forging of the British identity in the midst of an expanding empire, the rise of the English middle class and the establishment of a competitive print culture, and the envisioning, by a group of male and female Romantic liberal intellectuals, of social and political reform. Schoina's emphasis on the political implications of the British Romantics' hyphenated self-representation results in fresh readings of the Pisan Circle's Italianate writings that move them away from interpretations focused on a purely aesthetic or poetic attachment to Italy to uncover their complex ideological underpinnings.

Italy and the English Romantics Dec 16 2021 A fashionable and well-informed interest in Italy was a feature of English intellectual life in the first half of the 19th century. Most

cultured people could read Italian and knew something of Italian literature. Young ladies learned to sing in Italian, whilst young gentlemen completed their education with a tour in Italy. Painters went there to make copies from Raphael; architects to sketch the Graeco-Roman ruins. Men of letters in particular found themselves drawn to Italy and much Romantic literature reflects this interest; many works owe their origin to Italian literature. In this book, which was originally published in 1957, Dr Brand traces the growth and decline of the social fashion which made Italy the goal of so many cultured Englishmen. He examines in particular the extent and significance of Italy's fascination for the English romantic writers, and traces the effects of the fashion in music, painting, architecture and political affairs.

Monte Cassino Feb 06 2021 Selected as a Kirkus Reviews Best Book of 2013 The most horrific battles of World War II ring in the popular memory: Stalingrad, the Bulge, Iwo Jima, to name a few. Monte Cassino should stand among them. Waged deep in the Italian mountains beneath a medieval monastery, it was an astonishingly brutal encounter, grinding up ten armies in conditions as bad as the Eastern Front at its worst. Now the battle has the chronicle it deserves. In Monte Cassino, military historian Peter Caddick-Adams provides a vivid account of how an array of men from across the globe fought the most lengthy and devastating engagement of the Italian campaign in an ancient monastery town. Not simply Americans, British, and Germans, but Russians, Indians, Georgians, Nepalese, Ukrainians, French, Slovaks, Armenians, New Zealanders, and Poles, among others, fought and died there. Caddick-Adams offers a panoramic view, surveying the strategic heights and peering over the shoulders of troops fruitlessly digging for cover in the stony soil. Here are incisive sketches of the theater commanders--Field Marshal "Smiling Albert" Kesselring, who outmaneuvered Rommel to command German troops in Italy, and the English aristocrat General Harold Rupert Leofric George Alexander, tall, upbeat, "and--crucially for Churchill--looked every inch a general." Caddick-Adams puts Cassino into the context of the Italian campaign and larger Allied war plans, and takes readers into the savage, often hand-to-hand combat in the bombed-out medieval town. He captures the brutal weather and unforgiving terrain--the rubble and rocky slopes that splintered dangerously under artillery barrages and caused shellfire to echo with such volume that men had trouble keeping their sanity due to acoustics alone. Over four months, the struggle would inflict some 200,000 casualties, and Allied planes would level the historic monastery--and eventually the entire town as well. With scholarly care, insightful analysis, and narrative verve, Caddick-Adams has crafted a monumental account of one of World War II's lesser-known but no less devastating battles.

The Pembroke Papers: 1734-1780 Nov 22 2019

15+ Political Science. Classics Collection. Illustrated Sep 13 2021 What is Political Science? Within human society, it is customary to distinguish between the following spheres: economic, political, social, and spiritual. The political sphere is important in that it involves and determines the interactions of different political powers. This understanding lies at the foundation of any political analysis of public life. Politics as a

specific sector within human society is as old as it is modern. Many famous statesmen and scientists are credited as the authors of laws and political systems. In today's global community, facing growing pressures of political extremism and radicalism, knowledge of basic political science principles should help students develop a democratic ethos and foster qualities, such as political tolerance, compromise, and cooperation, while learning to express and defend their interests in a civilized manner. The foundation of political science lies in the accumulated knowledge of mankind. Each included piece of this collection is required reading at some of the best universities on the planet including: Harvard, Princeton, Yale, and Columbia Universities, the Massachusetts Institute of Technology (MIT), and the Universities of Oxford and Cambridge, among others. Sun Tzu: The Art of War Lao Tzu: Tao Te Ching Plato: The Republic Marcus Aurelius: Meditations Niccolo Machiavelli: The Prince Thomas More: Utopia Tommaso Campanella: The City of the Sun Francis Bacon: The New Atlantis Thomas Paine: Common Sense John Stuart Mill: Utilitarianism Karl Marx and Friedrich Engels: The Communist Manifesto Vladimir Lenin: The State and Revolution Rosa Luxemburg: Reform or Revolution Peter Kropotkin: The Conquest of Bread Emma Goldman: Anarchism: What It Really Stands For Leon Trotsky: Fascism: What It Is and How to Fight It

15-Minute Italian Oct 26 2022 Teach yourself Italian in just 12 weeks with this fun, user-friendly, and uniquely visual language course. DK's 15 Minute Italian is the perfect course for busy people who want to learn Italian fast. Twelve themed chapters are broken down into easy-to-follow 15-minute daily lessons, spanning a range of practical themes, including leisure, business, food and drink, travel, and shopping. Each lesson combines vocabulary and grammar essentials with attractive full-colour images, making it quick, easy, and fun to learn new Italian vocabulary. There is no writing or homework - you simply use the cover flaps to hide the answers to exercises and test yourself as you learn. Each chapter ends with a review module, so you can track your progress and identify areas where you need further practice. The course includes a free audio app that enables you to hear Italian words and phrases spoken by native speakers. Use the app alongside the book's easy-to-use pronunciation guides to perfect your pronunciation and practise Italian conversation in real-life situations. Whether you're a complete beginner or just in need of a refresher course, there's no easier way to learn Italian than with 15 Minute Italian.

Italian Short Stories for Beginners Jan 05 2021 ☐☐Learn Italian Fast and Improve Your Reading Skills. Make Studying New Vocabulary so much Easier with Fun and Engaging Italian Stories☐☐ Do you know what the hardest thing for an Italian learning beginner is? Finding appropriate reading material that they can handle: we know how disappointing and discouraging is to try to read advanced stories and to not understand nothing! If you are tired of complicated books and boring grammar lessons, then there is an alternative for you. In this book you can find 15 easy-to-read, captivating and fun stories that will allow you to expand your vocabulary and give you the tools to learn fast the Italian language. The Italian language is wonderful, so rich in nuances and expressiveness. It is the language of love: a sweet language, which cuddles word after word, without ever becoming authoritarian, but always turning to the heart. It is the language often used in the world of art, theatrical work and literature: a language of pleasure and passion, which expresses, word after word, moods and emotions. A language that gives happiness. Not for nothing is one of the most popular languages (and then it is also considered very sexy!); in fact, it is the fourth most studied language in the world. If you plan to learn this wonderful language or plan a trip to Italy, don't miss the opportunity to learn the basics of this fantastic language. This book will allow you: Learn Italian the fun way you can avoid to memorize boring and theoretical grammar rules. Gain a greater vocabulary that

you can use immediately, every day you will add 2,000+ Italian words and expressions to your repertoire through the encounter of descriptive sentences and casual conversations in the stories. Improve your Italian reading comprehension familiarize yourself with a wide range of grammar structures and put them to use today. How to use this book to learn Italian fast: To get the most out of every story, we suggest this approach: Read the story in Italian focus on trying to understand the main ideas of the story (the characters, the major plot developments and the setting). Read it again, but do a careful read highlight unknown words or grammatical constructions that are unfamiliar to you. Once you finish this read, translate all the unfamiliar words and phrases (the Vocabulary Glossary can help you!) and write them down in a notebook to help you remember them later. Read the English version to understand the story one final time this allows you to understand the text fully and have quick access to the translations. Answer the questions test your comprehension skills. Italian Short Stories for Beginners This book includes 15 captivating easy-read stories which cover everyday topics. The best part is that every story is followed by its English translation, Vocabulary Glossary and Multiple-Choice Questions: so you can test your comprehension and reinforce your Italian learning. Fließend in drei Monaten Jul 23 2022 Eine Sprache lernt man nicht nur, sondern man lebt sie. Benny Lewis ist Autodidakt und hat im Laufe der Zeit herausgefunden, worum es tatsächlich beim Lernen einer Sprache geht. In diesem Buch erklärt er, was es wirklich braucht, damit man jede Sprache in kürzester Zeit erlernt. Unerlässlich ist eine enorm hohe Motivation für das Erlernen der Sprache, und man muss sich trauen, die Sprache auch zu sprechen. Sei es durch eine persönliche Reise in das entsprechende Land, übers Internet oder durch einen Tandempartner. Darüber hinaus sollte man möglichst alles in der Fremdsprache tun, was Praxis bringt: Fernsehen schauen, Musik hören und lesen. Mit diesem Buch gibt der Autor Tipps für Eselsbrücken, um Vokabeln und die Grammatik einfacher zu erlernen, und er hilft dabei, die Herangehensweise an das Lernen so zu optimieren, dass es zu einem Kinderspiel wird. Sein Erfolg spiegelt sich im weltweit größten Sprachlernblog wider, mit dem er bereits Millionen Menschen dabei geholfen hat, eine neue Sprache zu erlernen.

Global Expats Jan 17 2022 Madilyn Elliott is a typical American stay-at-home mother. Before the invasion of Iraq, Madilyn's husband accepts a top secret expatriate mission in Rome, Italy. ZAP, a multibilliondollar civilian defense contractor and the USA State Department require Madilyn to sign a contract not to work, not to start a business, and

not to buy a home. At the start of the Iraq war, Madilyn defends her son against almost getting kidnapped amidst the War on Terror in a NATO Country. Madilyn perseveres and falls in love with Bella Italia. She starts to discover roots of history, theology, and art. Dario, a beautiful Italian architect, swoons Madilyn over Italy's best bottles of wine. Madilyn's father was meeting with VIP foreign generals from around the world. When Madilyn's romantic love affair is discovered, she is locked up in mental asylums to protect the secrets of global business and foreign generals.

Trust Management Sep 20 2019 This book constitutes the refereed proceedings of the Third International Conference on Trust Management, iTrust 2005, held in Paris, France in May 2005. The 21 revised full papers and 4 revised short papers presented together with 2 keynote papers and 7 trust management tool and systems demonstration reports were carefully reviewed and selected from 71 papers submitted. Besides technical issues in distributed computing and open systems, topics from law, social sciences, business, and psychology are addressed in order to develop a deeper and more comprehensive understanding of current aspects and challenges in the area of trust management in dynamic open systems.

The Tank Killers Apr 20 2022 "A fantastic read . . . Whether your interest is armour or history I would highly recommend this book" (Military Modelling). The tank destroyer was a bold—though some would say flawed—answer to the challenge posed by the seemingly unstoppable German Blitzkrieg. The TD was conceived to be light and fast enough to outmaneuver panzer forces and go where tanks could not. At the same time, the TD would wield the firepower needed to kill any German tank on the battlefield. Indeed, American doctrine stipulated that TDs would fight tanks, while American tanks would concentrate on achieving and exploiting breakthroughs of enemy lines. The Tank Killers follows the men who fought in the TDs, from the formation of the force in 1941 through the victory over the Third Reich in 1945. It is a story of American flexibility and pragmatism in military affairs. Tank destroyers were among the very first units to land in North Africa in 1942. Their first vehicles were ad hoc affairs: halftracks and weapons carriers with guns no better than those on tanks, thin armor affording the crews considerably less protection. Almost immediately, the crews began adapting to circumstances, along with their partners in the infantry and armored divisions. By the time North Africa was in Allied hands, the TD had become a valued tank fighter, assault gun, and artillery piece. The reconnaissance teams in TD battalions, meanwhile, had established a record for daring operations that would continue for the rest of the war. The story continues with the invasion of Italy and, finally, that of Fortress Europe on June 6, 1944. By now, the

brass had decreed that half the force would convert to towed guns, a decision that dogged the affected crews through the end of the war. The TD men encountered increasingly lethal enemies, ever more dangerous panzers that were often vulnerable only to their guns, while American tank crews watched in frustration as their rounds bounced harmlessly off the thick German armor. They fought under incredibly diverse conditions that demanded constant modification of tactics, and their equipment became ever more deadly. By VE-Day, the tank destroyer battalions had achieved impressive records, generally with kill-loss rates heavily in their favor. Yet the army after the war concluded that the concept of a separate TD arm was so fundamentally flawed that not a single battalion existed after November 1946. The Tank Killers draws heavily on the records of the tank destroyer battalions and the units with which they fought, as well as personal stories from veterans of the force.
