*Law and Ethics for Today's Journalist* Sep 30 2022 *Law and Ethics for Today's Journalist* offers aspiring and working journalists the practical understanding of law and ethics they must have to succeed at their craft. Instead of covering every nuance of media law for diverse communications majors, Mathewson focuses exclusively on what's relevant for journalists. Even though media law and media ethics are closely linked together in daily journalistic practice, they are usually covered in separate volumes. Mathewson brings them together in a clear and colourful way that practicing journalists will find more useful. Everything a journalist needs to know about legal protections, limitations, and risks inherent in workaday reporting is illustrated with highlights from major court opinions. Mathewson advises journalists who must often make ethical decisions on the spot with no time for the elaborate, multi-faceted analysis. The book assigns to journalists the hard decisions on ethical questions such as whether to go undercover or otherwise misrepresent themselves in order to get a big story. The ethics

chapter precedes the law chapters because ethical standards should underlie a journalist's work at all times. There may be occasions when ethics and law are not parallel, thus calling for the journalist to make a personal judgment. *Law and Ethics for Today's Journalist* is user-friendly, written in clear, direct, understandable language on issues that really matter to a working journalist. Supplementary reading of the actual court cases is recommended and links to most cases are provided in the text. The text includes a fine (but purposely not exhaustive) bibliography listing important and useful legal cases, including instructive appellate and trial court opinions, state as well as federal.

*Handpicked Husband* Apr 01 2020 Can she drive away not one, but three suitors? Free-spirited photographer Regina Nash is ready to try. But unless she marries one of the gentlemen her grandfather has sent for her inspection, she'll

lose custody of her nephew. So she must persuade them—and Adam Barr, her grandfather's envoy—that she'd make a thoroughly unsuitable wife. Adam isn't convinced. Regina might be unconventional, but she has wit, spirit and warmth. His job was to make sure Regina chose from the men he escorted to Texas—not to marry her himself! Can they overcome the secrets in her past, and the shadows in his, to find a perfect future together?

**Handbook of Counselor Preparation** Nov 08 2020 This definitive single-volume guide is the first of its kind on teaching and developing counselor educator programs that embrace constructivist and developmental theory. Leading scholars and experts offer practical advice on teaching courses in every area of counseling practice. As a result, the book is ideal for current and future counselor educators and supervisors as well as faculty in other helping professions. The authors seek to inspire educators to empower and involve, to risk "losing control" over subject matter, to hear student voices, to pose dilemmas, and to challenge their own assumptions in the presence of their students using constructivist, developmental, and experiential thinking and strategies.

**Beneath London** Jan 23 2022 When the sudden collapse of the Victoria Embankment uncovers a passage to an unknown realm, Langdon St. Ives sets out to explore it, not knowing that a wealthy psychopath is working to keep the underworld's secrets hidden for reasons of his own. Assumed to be dead and buried beneath London, St. Ives lives secretly on the streets of the great city and investigates a string of ghastly crimes.

**Anthropology Goes to the Fair** Mar 25 2022 As scientists claiming specialized knowledge about indigenous peoples, especially American Indians, anthropologists used expositions to promote their quest for professional status and authority. This title shows how anthropology showcased itself "to show each half of the world how the other half lives".

**Nothing to Tell** Jan 11 2021 Sitting at the kitchen tables of twelve women in their eighties

who were born in or immigrated to Montana in the late nineteenth or early twentieth century, between 1982 and 1988 oral historian Donna Gray conducted interviews that reveal a rich heritage. In retelling their life stories, Gray steps aside and allows these women with supposedly "nothing to tell" to speak for themselves. Pride, nostalgia, and triumph fill a dozen hearts as they realize how remarkable their lives have been and wonder how they did it all. Some of these women grew up in Montana in one-bedroom houses; others traveled in covered wagons before finding a home and falling in love with Montana. These raw accounts bring to life the childhood memories and adulthood experiences of ranch wives who were not afraid to milk a cow or bake in a wooden stove. From raising poultry to raising a family, these women knew the meaning of hard work. Several faced the hardships of family illness, poverty, and early widowhood. Through it all, they were known for their good sense of humor and strong sense of self.

**Player Won-Lost Records in Baseball** Aug 18 2021 Baseball analysts often criticize pitcher win-loss records as a poor measure of pitcher performance, as wins are the product of team performance. Fans criticize WAR (Wins Above Replacement) because it takes in theoretical rather than actual wins. Player won-loss records bridge the gap between these two schools of thought, giving credit to all players for what they do—without credit or blame for teammates' performance—and measuring contributions to actual team wins and losses. The result is a statistic of player value that quantifies all aspects of individual performance, allowing for robust comparisons between players across different positions and different seasons. Using play-by-play data, this book examines players' won-loss records in Major League Baseball from 1930 through 2015.

**Go Ye and Study the Beehive** Apr 25 2022 First published in 2000. More than any other occupation, the long history of mining raises issues of class and dependency, of men, women, and children bound to permanent wage work or forced labor underground with small hope of

securing an independent living. Like all popular images, perceptions of workers reveal as much about the nature of the dominant culture as about the complex experiences of workers themselves. The main purpose of this study is to document and analyze the development of working-class culture in the mining camps of the American West.

Triple Crowned May 15 2021 Baseball's new dynasty is the San Francisco Giants. The Giants captured their third World Series crown in five seasons in 2014—this last one having taken perhaps the most unlikely path. San Francisco finished second in the NL West, but advanced to the Wild Card game against Pittsburgh. The Giants stomped the Pirates 8-0, then outlasted the Washington Nationals and the St. Louis Cardinals to set up a Fall Classic showdown with the Kansas City Royals. Packed with insider analysis and outstanding color photography from the Bay Area's largest newspaper publisher, Triple Crowned takes fans through the Giants' improbable journey, from Tim Lincecum's June no-hitter to the Wild Card game in Pittsburgh to the final out against the Royals. This commemorative edition also includes profiles of Madison Bumgarner, Hunter Pence, Buster Posey, Pablo Sandoval, and other fan favorites.

Icy Sparks Oct 20 2021 A New York Times Notable Book and the March 2001 selection of Oprah's Book Club® ! Icy Sparks is the sad, funny and transcendent tale of a young girl growing up in the mountains of Eastern Kentucky during the 1950's. Gwyn Hyman Rubio's beautifully written first novel revolves around Icy Sparks, an unforgettable heroine in the tradition of Scout in *To Kill a Mockingbird* or Will Treed in *Cold Sassy Tree*. At the age of ten, Icy, a bright, curious child orphaned as a baby but raised by adoring grandparents, begins to have strange experiences. Try as she might, her "secrets"—verbal croaks, groans, and physical spasms—keep afflicting her. As an adult, she will find out she has Tourette's Syndrome, a rare neurological disorder, but for years her behavior is the source of mystery, confusion, and deep humiliation. Narrated by a grown up Icy, the book chronicles a difficult, but ultimately hilarious and heartwarming journey, from her first spasms to her self-acceptance as a young woman. Curious about life beyond the hills, talented, and energetic, Icy learns to cut through all barriers—physical, mental, and spiritual—in order to find community and acceptance. Along her journey, Icy faces the jeers of her classmates as well as the malevolence of her often-ignorant teachers—including Mrs. Stilton, one of the most evil fourth grade teachers ever created by a writer. Called willful by her teachers and "Frog Child" by her schoolmates, she is exiled from the schoolroom and sent to a children's asylum where it is hoped that the roots of her mysterious behavior can be discovered. Here Icy learns about difference—her own and those who are even more scarred than she. Yet, it isn't until Icy returns home that she really begins to flower, especially through her friendship with the eccentric and obese Miss Emily, who knows first-hand how it feels to be an outcast in this tightly knit Appalachian community. Under Miss Emily's tutelage, Icy learns about life's struggles and rewards, survives her first comical and heartbreaking misadventure with romance, discovers the healing power of her voice when she sings, and ultimately—takes her first steps back into the world. Gwyn Hyman Rubio's Icy

Sparks is a fresh, original, and completely redeeming novel about learning to overcome others' ignorance and celebrate the differences that make each of us unique.

**Blues Legacy** Dec 22 2021 Chicago blues musicians parlayed a genius for innovation and emotional honesty into a music revered around

the world. As the blues evolves, it continues to provide a soundtrack to, and a dynamic commentary on, the African American experience: the legacy of slavery; historic promises and betrayals; opportunity and disenfranchisement; the ongoing struggle for freedom. Through it all, the blues remains steeped in survivorship and triumph, a music that dares to stare down life in all its injustice and iniquity and still laugh--and dance--in its face. David Whiteis delves into how the current and upcoming Chicago blues generations carry on this legacy. Drawing on in-person interviews, Whiteis places the artists within the ongoing social and cultural reality their work reflects and helps create. Beginning with James Cotton, Eddie Shaw, and other bequeathers, he moves through an all-star council of elders like Otis Rush and Buddy Guy and on to inheritors and today's heirs apparent like Ronnie Baker Brooks, Shemekia Copeland, and Nellie "Tiger" Travis. Insightful and wide-ranging, *Blues Legacy* reveals a constantly adapting art form that, whatever the challenges, maintains its links to a rich musical past.

**Street Talk** May 03 2020 The discovery of a body in an eastern Long Island cemetery sets in motion a complex murder investigation, which quickly stalls. It cannot be determined where the victim was murdered! The conflict expands when the missing victim of a second major crime, arson, becomes a suspect in the first major crime, the murder investigation! Two locals, criminal attorney Marc Lorenzo, and private investigator Joe Cash, find themselves thrust into the two cases, which now also involve three separate police agencies as matters of jurisdiction continue to impend the search for justice.
