The Cultivation of Hatred: The Bourgeois Experience: Victoria to Freud (The Bourgeois Experience: Victoria to Freud) Sep 19 2019 With the same sweep, authority, and originality that marked his best-selling *Freud: A Life for Our Time*, Peter Gay here takes us on a remarkable journey through middle-class Victorian culture. Gay's search through middle-class Victorian culture, illuminated by lively portraits of such daunting figures as Bismarck, Darwin and his acolytes, George Eliot, and the great satirists Daumier and Wilhelm Busch, covers a vast terrain: the relations between men and women, wit, demagoguery, and much more. We discover the multiple ways in which the nineteenth century at once restrained aggressive behavior and

licensed it. Aggression split the social universe into insiders and outsiders. "By gathering up communities of insiders," Professor Gay writes, the Victorians "discovered--only too often invented--a world of strangers beyond the pale, of individuals and classes, races and nations it was perfectly proper to debate, patronize, ridicule, bully, exploit, or exterminate." The aggressions so channeled or bottled could not be contained forever. Ultimately, they exploded in the First World War.

"Material Women, 1750-1950" Oct 01 2020 With the volume's global perspective and comparative framework, this collection contributes to the ongoing scholarly examination of consumption by taking the topic of women, material culture, and consumption into new arenas. The essays explore the connections between consumption and subjectivity; they build upon and complicate the idea that consumption, as a form of meaning making, is key to the construction of gendered, classed, and national identities. Providing a cross-cultural perspective on consumption, the essays are historically specific case studies. While some essays examine women's consumption in a range of Anglophone and Francophone locations, primarily in Britain, France, Australia, Canada, and the US, other essays on Chinese, Senegalese, Indian, and Mexican women's consumption, particularly as it relates to fashion and design, provide a comparative framework that will recalibrate ongoing discussions about consumption and domesticity, dress and identity, and desire and subjectivity. In addition to its focus on gender and consumption, this volume addresses gender and collecting, exploring the tensions between accumulation and systematic collecting. Also examined is the way in which the display of collected objects?in Impressionists' paintings, in mass-produced illustrations, in the glass cases of museums and department stores?participates in the construction of particular identities as well as serving as a kind of value-producing material practice.

Picturing Political Power Aug 19 2019 "For as long as American women have battled for equitable political representation, those battles have been defined by images--whether drawn, etched, photographed, or filmed. Some of these have been flattering, many of them have been condescending, and some have been scabrous. They have drawn upon prevailing cultural tropes about the perceived nature of women's roles and abilities, and they have circulated both with and without conscious political objectives. Allison K. Lange takes a systematic look at American women's efforts to control the production and dissemination of images of them in the long battle for representation, from the mid-nineteenth-century onward"--

From the Nobel Prize to the halls of Congress, the trailblazers profiled in these skillfully drawn biographical portraits have battled tremendous odds to achieve success—if not always recognition—in their respective fields. Whether committed to a chosen cause or thrust into a public role by personal circumstance, these courageous women have all woven the thin threads of opportunity into sweeping tapestries of achievement. Mixing historical portraits with modern success stories, Senator Hutchison shows how American women from all periods of history have contributed to the strength and progress of our nation—and no history of the nation can be written without them.

What American Women Did, 1789-1920 Dec 23 2019 This reference book chronicles what American women did from the emergence of the republic through the end of World War I and the passage of the Nineteenth Amendment. A broad spectrum of activities are depicted, showing their many accomplishments and how their activities affected the world around them. It was an era of great transition for all women. A who’s who of American women and some men (those who showed great support or, ironically, great opposition to women’s reform) are described one year at a time, beginning with 1789 and ending with 1920. Each year’s activities are organized into seven possible categories: domesticity, work, education, religion, the

arts, the law and politics, and joining forces. The book is thoroughly indexed.

Illuminating How Identities, Stereotypes and Inequalities Matter through Gender Studies Feb 23 2020 This collection highlights and extends contemporary women's and gender studies by presenting theoretical analyses and innovative research conceptualizations, applications and methodologies via a diverse variety of popular-in-the-classroom topics, such as changing masculinities; comedic/dramatic portrayals of ethnicity and discrimination; stigma and differences within mainstream media gender stereotypes; intersections of gendered and sexual identities in social media and fundamental institutions. These topics emphasize relevant issues and nuances within popular culture, identities and perceptions and social problems and illustrate the breadth of gender studies and its applications, while the diverse methodologies like historical comparisons; ethnographic, demographic and statistical analyses, demonstrate its epistemology. Each chapter remains solidly founded in gender theory while making significant innovative contributions to the overall field.

Tallulah! Jul 30 2020 Outrageous, outspoken, and uninhibited, Tallulah Bankhead was an actress known as much for her vices -- cocaine, alcohol, hysterical tirades, and scandalous affairs with both men and women -- as she was for her winning performances on stage. In 1917, a fifteen-year-old Bankhead boldly left her established Alabama political family and fled to New York City to sate her relentless need for attention and become a star. Five years later, she crossed the Atlantic, immediately taking her place as a fixture in British society and the most popular actress in London's West End. By the time she returned to America in the 1930s, she was infamous for throwing marathon parties, bedding her favorite costars, and neglecting to keep her escapades a secret from the press. At times, her notoriety distracted her audience from her formidable talent and achievements on stage and dampened the critical re-sponse to her work. As Bankhead herself put it, "they like me to 'Tallulah,' you know -- dance and sing and romp and fluff my hair and play reckless parts." Still, her reputation as a wild, witty, over-the-top leading lady persisted until the end of her life at the age of sixty-six. From her friendships with such entertainment luminaries as Tennessee Williams, Estelle Winwood, Billie Holiday, Noël Coward, and Marlene Dietrich, to the intimate details of her family relationships and her string of doomed romances, Joel Lobenthal has captured the private

essence of the most public star during theater's golden age. Larger-than-life as she was, friends saw through Bankhead's veneer of humor and high times to the heart of a woman who often felt second-best in her father's eyes, who longed for the children she was unable to bear, and who forced herself into the spotlight to hide her deep-seated insecurities. Drawn from scores of exclusive interviews, as well as previously untapped information from Scotland Yard and the FBI, this is the essential biography of Tallulah Bankhead. Having spent twenty-five years researching Bankhead's life, Joel Lobenthal tells her unadulterated story, as told to him by her closest friends, enemies, lovers, and employees. Several have broken decades-long silences; many have given Lobenthal their final interviews. The result is the story of a woman more complex, more shocking, and yet more nuanced than her notorious legend suggests.

The Recipe Reader Oct 21 2019 Over the last decade there has been an intense and widespread interest in the writing and publishing of cookery books; yet there remains surprisingly little contextualized analysis of the recipe as a generic form. This essay collection asserts that the recipe in all its cultural and textual contexts - from the quintessential embodiment of lifestyle choices to the reflection of artistic aspiration - is a complex, distinct and important form of cultural expression. In this volume, contributors address questions raised by the recipe, its context, its cultural moment and mode of expression. Examples are drawn from such diverse areas as: nineteenth and twentieth-century private publications, official government documents, campaigning literature, magazines, and fictions as well as cookery writers themselves, cookbooks and TV cookery. In subjecting the recipe to close critical analysis, *The Recipe Reader* serves to move the study of this cultural form forward. It will interest scholars of literature, popular culture, social history and women's studies as well as food historians and professional food writers. Written in an accessible style, this collection of essays expands the range of writers under consideration, and brings new perspectives, contexts and arguments into the existing field of debate about cookery writing.

Rightfully Ours Aug 31 2020 Though the Declaration of Independence stated that &“all men are created equal,&” married women and girls in the early days of the United States had few rights. For better or worse, their lives were controlled by their husbands and fathers. Married women could not own property, and few girls were educated beyond reading and simple math. Women could not work as doctors, lawyers, or in the ministry. Not one woman could vote, but that would change with the tireless efforts of Lucretia Mott, Lucy Stone, Elizabeth Cady Stanton, Sojourner Truth, Susan B. Anthony, Carrie Chapman Catt, Jeannette Rankin, Alice Paul, and thousands of women across the nation. *Rightfully Ours* tells of the century-long

struggle for woman suffrage in the United States, a movement that began alongside the abolitionist cause and continued through the ratification of the 19th amendment. In addition to its lively narrative, this history includes a time line, online resources, and hands-on activities that will give readers a sense of everyday lives of the suffragists. Children will create a banner for suffrage, host a Victorian tea, feel what it was like to wear a corset, and more. And through it all, readers will gain a richer appreciation for women who secured the right to fully participate in American democracy—and why they must never take that right for granted. Kerrie Logan Hollihan is the author of *Isaac Newton and Physics for Kids*, *Theodore Roosevelt for Kids*, and *Elizabeth I, The People's Queen*. She lives in Blue Ash, Ohio.

Flashmans Lady May 28 2020 Der Roman beginnt scheinbar harmlos mit einem Cricket-Spiel, aber dann muss Harry Flashman nach Singapur und - auf der Suche nach seiner entführten Gemahlin Elspeth, die ihren Entführer gar nicht so übel findet - nach Borneo und Afrika. Im fremdenfeindlichen Madagaskar lernt Harry die gefährliche Königin Ranavalona I. und ihre Eigenarten beim Herrschen und im Bett kennen. Während des anglo-französischen Angriffes auf Fort Tamatave versucht er, mit Elspeth von der Insel zu fliehen. George MacDonald Fraser wurde vor allem berühmt durch die Serie historischer Romane, den Flashman Manuskripten, deren 11 Bände von 1969 bis 2005 erschienen. Dabei handelt es sich um die fiktiven Memoiren von Sir Harry Flashman, einem hoch dekorierten britischen Offizier im Ruhestand, der auf seine Abenteuer zwischen 1840 und 1890 zurückblickt, die ihn unter anderem mit Bismarck, General Custer, Lola Montez und vielen anderen zusammengeführt hatte. Geboren wurde Fraser 1925, wurde Soldat und kämpfte in Burma. Danach wurde er Journalist, später Schriftsteller und Drehbuchautor (unter anderen "Die drei Musketiere" und den James-Bond-Film "Octopussy") in Grossbritannien und Kanada. Er starb 2008.
