[American Cars, 1960-1972](#) Jun 23 2022 [The automotive industry underwent great change in the 1960s and the early 1970s. The continuing trend toward market consolidation, the proliferation of sizes and nameplates, and the "need for speed" characterized this period, loosely labeled as the muscle car era. This is an exhaustive reference work to American made cars of model years 1960-1972. Organized by year \(and summarizing the market annually\), it provides a yearly update on each make's status and production figures, then details all models offered for that year. Model listings include available body styles, base prices, engine and transmission choices, power ratings, standard equipment, major options and their prices, curb weight and dimensions \(interior and exterior\), paint color choices, changes from the previous year's model, and sales figures. Also given are assembly plant locations and historical overviews of each model nameplate. The book is profusely illustrated with 1,018 photographs.](#)

[Writing from Within Level 2 Teacher's Manual](#) Oct 27 2022 [This is a series that prepares students for paragraph and composition writing, while making the process enjoyable. Writing from Within, Level 2 focuses on generating topics, writing cohesive paragraphs, and organizing them into clear, logical compositions. The book contains twelve units, each one centering around a final writing assignment. As students prepare for their assignment, they brainstorm ideas for writing and analyze sample paragraphs and compositions for both language and organization. The units offer a balance of introspective writing assignments with more conventional, task-based ones. Level 2 writing topics include a major life event, personal goals, a research report, and a newspaper articles.](#)
