[Prepare Today Survive Tomorrow](#) Jul 24 2019 This book will introduce you to a wealth of information on emergency preparation, and will provide your family or organization with important strategies, insights, tips, guidelines, and lists on how to prepare for a disaster. Survival planning is nothing more than realizing a disaster could happen that would put everyone in a survival situation and, with that in mind, taking steps to increase your chances of survival. Although helping others is certainly meaningful, worthwhile, and in some cases, necessary, the main emphasis of all household or organization team members should be to purchase, gather, and store resources and supplies for your own team members. Everyone must be encouraged and expected to provide for themselves. We have been encouraged through religious, education, scientific, and government media to prepare for these future events.

[Green Building Products, 3rd Edition](#) Aug 24 2019 Interest in sustainable, green building practices is greater than ever. Whether concerned about allergies, energy costs, old-growth forests, or durability and long-term value, homeowners and builders are looking for ways to ensure that their homes are healthy, safe, beautiful and efficient. In these pages are descriptions and manufacturer contact information for more than 1,400 environmentally preferable products and materials. All phases of residential construction, from sitework to flooring to renewable energy, are covered. Products are grouped by function, and each chapter begins with a discussion of key environmental considerations, and what to look for in a green product. Over 40% revised, this updated edition includes over 120 new products. Categories of products include: Sitework and landscaping Outdoor structures Decking Foundations, footers and slabs Structural systems and components Sheathing Exterior finish and trim Roofing Doors and windows Insulation Flooring and floor coverings Interior finish and trim Caulks and adhesives Paints and coatings Mechanical systems/HVAC Plumbing, electrical and lighting Appliances Furniture and furnishings Renewable energy Distributors and retailers An index of products and manufacturers makes for easy navigation. There is no more comprehensive resource for both the engaged homeowner and those who design and build homes.
