illustrate the injustices faced by disabled women and girls. In Algeria, publisher Omar Belhouchet and his journalists struggled to put out their paper, El Watan (The Nation), the same night that a 1996 jihadist bombing devastated their offices and killed eighteen of their colleagues. In Afghanistan, Young Women for Change took to the streets of Kabul to denounce sexual harassment, undeterred by threats. In Minneapolis, Minnesota, Abdirizak Bihi organized a Ramadan basketball tournament among Somali refugees to counter the influence of Al Shabaab. From Karachi to Tunis, Kabul to Tehran, across the Middle East, North Africa,

South Asia, and beyond, these trailblazers often risked death to combat the rising tide of fundamentalism within their own countries. But this global community of writers, artists, doctors, musicians, museum curators, lawyers, activists, and educators of Muslim heritage remains largely invisible, lost amid the heated coverage of Islamist terror attacks on one side and abuses perpetrated against suspected terrorists on the other. A veteran of twenty years of human rights research and activism, Karima Bennouna draws on extensive fieldwork and interviews to illuminate the inspiring stories of those who represent one of the best hopes for ending fundamentalist oppression worldwide.

America First - The Battle Against Intervention 1940-1941 Nov 14 2021 This is a detailed account of The America First Committee, with information on their efforts, organisation, notable members and events, contemporary politics, and more. The America First Committee (AFC) was the foremost United States non-interventionist pressure group against the American entry into World War II. This volume will appeal to those with an interest in the Second World War, and it would make for an interesting addition to collections of allied literature. Contents include: "The Genesis",

“Leadership, Organisation, and Finances”, “The Great Arsenal of Democracy?”, “War or Peace?”, “Capitalism, Communism, and Catholicism”, “Military Defence”, “The Nazi Transmission Belt?”, “Anti-Semitism and America First”, “Shoot on Sight”, “Politics”, etc. Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with the original text and artwork.

The Last Girl May 28 2020 WINNER OF THE NOBEL PEACE PRIZE • In this “courageous” (The Washington Post) memoir of survival, a former captive of the Islamic State tells her harrowing and ultimately inspiring story. Nadia Murad was born and raised in Kocho, a small village of farmers and shepherds in northern Iraq. A member of the Yazidi community, she and her brothers and sisters lived a quiet life. Nadia had dreams of becoming a history teacher or opening her own beauty salon. On August

1st, 2014 when she fled the fight just twenty-one years old, this life ended. Islamic State militants massacred the people of her village, executing men who refused to convert to Islam and women too old to become sex slaves. Six of Nadia’s brothers were killed, and her mother soon after, their bodies swept into mass graves. Nadia was taken to Mosul and forced, along with thousands of other Yazidi girls, into the ISIS slave trade. Nadia would be held captive by several militants and repeatedly raped and beaten. Finally, she managed a narrow escape through the streets of Mosul, finding shelter in the home of a Sunni Muslim family whose eldest son risked his life to smuggle her to safety. Today, Nadia’s story—as a witness to the Islamic State’s brutality, a survivor of rape, a refugee, a Yazidi—has forced the world to pay attention to an ongoing genocide. It is a call to action, a testament to the human will to survive, and a love letter to a lost country, a fragile community, and a family torn apart by war.

Very Bad People Jun 16 2019 The untold story of how three friends formed Global Witness, fighting highly organized worldwide criminality, kleptocracy and corruption *** "The story told in this book of three youthful idealists who go from eating cold baked beans in a drafty London flat to the Thai-Cambodian border where they posed as traders in illegally felled timber is simply riveting. Don't miss it." - Misha Glenny, Author of McMafia "Very Bad People shines a light on the real life dramas that are truly more alarming than the pages of fiction - it is a shocking, important and page-turning book that gives a unique insight into a hidden world of criminality, and into the shadow networks that really run our

world." - Jeff Skoll, Founder and Chairman Participant Media, Skoll Foundation "Part true crime tale, part investigative procedural, this is the account of the brilliant and necessary superheroes of Global Witness, whose superpower is the truth." - Edward Zwick, Director of Blood Diamond "Stories such as those you will read here are more usually found in the pages of thrillers, but these stories are frighteningly and unfortunately true. Corruption is one of the greatest enemies of democracy, to win the fight we need champions like Global Witness." - George Soros "Very Bad People reads like a non-stop high-speed chase as our fighters against corruption hunt down a litany of criminals and con-men, some on the fringes of our society, some embedded high up within it. It's a great story and an important one." - David Farr, Screenwriter, The Night Manager "Global Witness are fearless." - Gordon Roddick, Campaigner and Co-Founder of the Body Shop Arms trafficking, offshore accounts and luxury

property deals. Super-yachts, private jets and super-car collections. Blood diamonds, suspect oil deals, deforestation and murder. This is the world of Global Witness, the award-winning organization dedicated to rooting out worldwide corruption. And this is co-founder Patrick Alley's revealing inside track on a breath-taking catalogue of modern super-crimes - and the 'shadow network' that enables them. VERY BAD PEOPLE is about following the money, going undercover in the world's most dangerous places, and bringing down the people behind the crimes. Case by case we see maverick investigators pitched against warlords, grifters and super-villains who bear every resemblance to The Night Manager's Richard Roper. One dictator's son spent \$700 million in just four years on his luxury lifestyle. As they unravel crooked deals of labyrinthine complexity, the team encounter well-known corporations whose operations are no less criminal than the Mafia.

World War 3 Coming Soon! Sep 19 2019 Why is the book of Revelation so difficult to understand? It is full of symbolism, ferocious animals and horses of varying colors, humanity being destroyed, and a woman riding a beast. It's supposed to be a book of revealing. The author spent forty-three years studying the Bible

and found "keys of understanding." The keys are found throughout the Bible. They unlock the book of Revelation for us today. Most prophecies are for the end time we are now approaching. We need to understand them. No one wants to read a book concerning all bad news about World War III and the great tribulation. But there is good news following the bad. Can you imagine a world at peace? All armies are disbanded, all weapons melted down into farm implements. You will read the good news about the return of the Prince Of Peace, Jesus Christ's coming as King of Kings.

Enhancing Cooperation in Defence Against Terrorism Oct 01 2020 Terrorism continues to evolve; altered sources of funding, changes in national governments and the ever increasing importance of the internet mean that international cooperation in the development and implementation of strategies to counteract terrorist activity remain an important priority worldwide. This book contains articles arising from the presentations by eleven experts from five countries, delivered at the NATO Centre of Excellence - Defence against Terrorism (COE-DAT) advanced training course (ATC) entitled Enhancing Cooperation in Defence against Terrorism, held in Astana, Kazakhstan, in September 2010. The aim of this ATC was to

stimulate discussion and facilitate interoperability between these five countries and NATO in the fight against terrorism. The book opens with an overview of the landscape in which terrorism currently exists, and a reminder that a new approach is needed in the fight against terrorism to replace the Cold War model we have become accustomed to. The remaining articles cover a wide range of issues: countering the ideology of terrorism; legal aspects of combating terrorism and responding to terrorist use of the internet; the links between terrorism and organised crime; energy security; weapons of mass destruction; international humanitarian law; suicide terrorism; the role of the media in terrorism and counterterrorism; and dilemmas in counterterrorism strategy. In addition to the presentations from the ATC, the book includes two articles by Brigitte Nacos of Columbia University: The Importance of Strategic Communication and Public Diplomacy in

Syria and Lebanon 1941 Feb 05 2021 A detailed study of the Syrian and Lebanon campaign of World War II. In June 1941, Australian, British, Indian, and Free French forces invaded the Vichy French-controlled Mandate of Syria and Lebanon. They were outnumbered, and faced an enemy that had more artillery, tanks, and aircraft. They fought in rocky, mountainous terrain, through barren valleys and across swollen rivers, and soon after the initial advance faced a powerful Vichy French counterattack on key strategic positions. Despite these difficulties, the Allies prevailed, and in doing so ensured that the territory did not fall into German or pro-German hands, and thus provide a springboard from which Axis forces could attack British oil interests in Iraq, or the key territory of Palestine. This book examines the high military and political strategy that lay

behind the campaign, as well as the experiences and hardships as endured by the men on the ground. The battles in Syria and Lebanon were complex actions, often at the battalion level or below, and this work uses extensive war diaries and records available to make sense of the actions and examine how they affected the wider campaign.

Was wir in der Regel zu Gesicht bekommen, sind fertige Werke, die Künstler* so weit bearbeitet haben, bis sie sich mit ihnen zufrieden gaben. Der Prozess bis dahin bleibt jedoch meistens im Dunkeln, was zu der Annahme führen könnte, jedes Bild war schon immer perfekt und jeder* Künstler* wusste von Anfang an, wohin es mit diesem Bild gehen soll. So ist es in meiner Erfahrung nicht. Ich werde von meinen Bildern geleitet. Der Prozess bringt mich zum Produkt. Die Idee in meinem Kopf ist meistens stark abweichend vom abgeschlossenen Werk. Diesen Prozess aufzudecken und so auch anderen Mut zu machen, selbst Bilder und Ideen zu gestalten, ist das Hauptanliegen dieser Buchreihe, deren Debüt Sie gerade betrachten. The fight against the UFO-deniers Oct 25 2022

This story is about a very mean civilization.

People who do not think like the others, are exposed to persecution because they are considered to be a threat to the moral harmony and the national mythology. The rulers of this daemonic society has invented the the UFO-religion and everyone are forced to obey the idears of this religion. There is a lot of money to be earned when you are a priest in the UFO-religion, so the ruling class do not like, when it is criticized. Therefore the people who criticize this religion are fired from their job and put to jail. If this is not enough, they are killed.

started up a normal life. But when ISIS insurgents began attacking local populations in Iraq and elsewhere, Hillier, a long-time soldier, felt he had to join in the action, so he sold his truck, lied to his parents about where he was going and became the first Canadian to volunteer to fight ISIS in Iraq For three months, Dillon accompanied the Kurdish army as they fought a series of battles against the Islamic State throughout northern Iraq. During his mission, Dillon saw combat, experienced life in the trenches, partnered with a former US Marine, had a bounty placed on his head and learned an important truth: that in the chaos of war, the difference between life and death is measured in inches, and some things can never be forgotten. First Volunteer is about Hillier's three months fighting with the Kurds in Iraq, on the front lines. The only reason Dillon's tour wasn't longer was because the government wanted him back home, safe and sound.

Battle of the Atlantic 1939-41 Dec 23 2019 At

the start of World War II, few thought the U-boat would be as devastating as it proved to be. But convoys and sonar-equipped escorts proved inadequate to defend the Allies' merchantmen, and the RAF's only offensive weapon was the anti-submarine warfare (ASW) aircraft. For RAF Coastal Command, the first two years of the war were the hardest. Although starved of resources, operating with outdated aircraft and often useless weaponry, they were still the only force that could take the fight to the U-boats. But in these two years, the RAF learned what it needed to win the Battle of the Atlantic. Gradually developing new tactics and technology, such as airborne radar, signals intelligence, and effective weaponry, the Allies ended 1941 in a position to defeat Dönitz's growing fleet of U-boats. This book, the first of two volumes, explains the fascinating history of how the RAF kept the convoys alive against the odds, and developed the force that would prevail in the
