Mercedes-Benz S-Class 1972-2013 Jun 26 2022 Ever since their introduction in 1972, the S-Class saloons from Mercedes-Benz have been considered the pinnacle of automotive excellence. For most of that time, ownership of an S-Class - at least, of a reasonably recent one - has been symbolic of material success and of restrained yet impeccable good taste. Several other car makers have nibbled at the edges of the S-Class market, but none has produced a viable and lasting alternative to the big Benz. Mercedes-Benz S-Class 1972-2013 charts the evolution and success of the series, from the W116 model, the first to be designed from the ground up as a large luxury saloon, through to the C126 coupe, one of the all-time Mercedes-Benz classic designs. Topics covered include: development and production of the W126 saloons and classic W126 coupes; the W140 saloons in the 1990s; the 140 coupes, the W220 models and the elegant 215 coupes; the W221 models, introduced at the Frankfurt International Motor Show in 2005; the C216 coupes and the future of Mercedes-Benz S-Class. Superbly illustrated with 288 colour photographs.

Mercedes-Benz Buyer's Guide Jul 28 2022 This book gives an up-close look at Mercedes-Benz roadsters, convertibles, and two-and four-seat coupes from the mid-1950s to present. With roadsters, starting with the 300SL's from the mid-1950 and continuing through the current SLK's - up to the 2003 model year. Coupes and Cabrios, this book details the 220SEb/300SE cars of 1960 and continues on up to the current CLK's to the 2003 model year. This approach better serves those who are in the market for "personal cars" by not spreading the book too thin to cover the entire Mercedes-Benz lineup. Explore all the traditional elements of the Buyer's Guide series, such as the basic histories of each model or model type, Garage Watch photos with inset photo callouts, tables of common replacement parts, quotes from contemporary magazine reviews, owner testimonials, rating charts, and specification tables.

Red On White Sep 05 2020 The Scotsman enters and exits the Canada Revenue Building in Toronto and 45 minutes later the Source Deductions Agency was left in a state of shock and horror as 4 of their own were executed in cold-blood. Several days later the exclusive Hoggs Hollow region of Toronto was stunned by the murder of the former head of that same agency, executed gangland style in his own home. No suspects were ever apprehended for either case. No leads were ever found. On a horse farm in rural Ontario another brutal murder takes place with the killer actually calling in the crime. The first PC on the scene known the victim, as do several detectives from the investigating Homicide Squad. From a distance of over a kilometer away, shots kill several of the detectives. Neither the initial killer nor the sniper are ever found. At the Whitby police station a PC is shot... The story behind all the kills. Based on a true story.
