ebook wikipedia Aug 23 2022 web in 1993 paul baim released a freeware hypercard stack called ebook that allowed easy import of any text file to create a pageable version similar to an electronic paperback book a notable feature was automatic tracking of the last page read so that on returning to the book you were taken back to where you had previously left off reading the title of this

the hidden reality parallel universes and the deep laws of the Dec 15 2021 web 01 11 2011 the author spends far to much time writing about the useless things such as where so and so went to school and waffling on rather than actually telling the story if you bought this book cause you re like me and wanted information on parallel universes etc then this is covered in about the last 10 pages of a 300 page book highly disappointed the

incognito the secret lives of the brain eagleman david Aug 31 2020 web i read incognito published in 2011 after reading the brain the story of you which was published in 2015 so i guess the author may have redeemed himself in his later work i found his arguments about our lack of free will disappointing especially when he cites cases of crimes committed in the presence of brain pathology to advance his argument a

about us penguin books Jun 28 2020 web some time ago in 1934 to be precise our founder was waiting for a train and couldn t find anything good to read what was needed he realised were quality books at a reasonable price and so he decided to change things the following year penguin was launched kickstarting a paperback revolution that would sweep the world
