**Die besten Anlagestrategien der Welt** Jun 19 2019 Man muss das Rad nicht neu erfinden. Viele Strategien wurden erdacht, um an der Börse Geld zu verdienen. Doch nur einige wenige konnten sich auf Dauer durchsetzen. Die fünf besten sind in diesem Buch versammelt. Die Wertzuwachs-Strategie setzt auf Investments in Topwerte zu einem günstigen Preis. Die Small-Cap Strategie beschränkt sich auf Nebenwerte, die den meisten Anlegern nicht bekannt sind. Die empirischen Kennzahlen von James O'haughnessy liegen der Cornerstone-Growth-Strategie zu Grunde, die neben zahlreichen Dividenden-Strategien einen besonderen Platz einnimmt. Das Buch zeigt jedoch ebenso, wie sich diese Strategien für den einzelnen privaten Investor kombinieren lassen.

Security Analysis: The Classic 1951 Edition May 31 2020 With nearly a million copies sold, Security Analysis has been continuously in print for more than sixty years. No investment book in history had either the immediate impact, or the long-term relevance and value, of its first edition in 1934. By 1951, seventeen years past its original publication and more than a decade beyond its revised and acclaimed 1940 second edition, authors Benjamin Graham and David Dodd had seen business and investment markets travel from the depths of Depression to the heights of recovery, and had observed investor behavior during both the calm of peacetime and the chaos of World War II. The prescient thinking and insight displayed by Graham and Dodd in the first two editions of Security Analysis reached new heights in the third edition. In words that could just as easily have been written today as fifty years ago, they detail techniques and strategies for attaining success as individual investors, as well as the responsibilities of corporate decision makers to build shareholder value and transparency for those investors. The focus of the book, however, remains its timeless guidance and advice--that careful analysis of balance sheets is the primary road to investment success, with all other considerations little more than distractions. The authors had seen and survived the Great Depression as well as the political and financial instabilities of World War II and were now better able to outline a program for sensible and profitable investing in the latter half of the century. Security Analysis: The Classic 1951 Edition marks the return of this long-out-of-print work to the investment canon. It will reacquaint you with the foundations of value investing--more relevant than ever in tumultuous twenty-first century markets--and allow you to own the third installment in what has come to be regarded as the most accessible and usable title in the history of investment

publishing.

Buffett Jul 01 2020 Warren Buffett hat es geschafft: An der Börse wurde er zu einem der reichsten Männer der Welt. Sein unglaublicher Investmenterfolg machte Buffett zur Ikone vieler Anleger. Buffett fasziniert: Er ist ein Milliardär, der einen unglaublich bescheidenen Lebensstil pflegt. Er ist ein sagenhaft erfolgreicher Anleger, der die Trading-Methoden der modernen Börsen verabscheut. Er ist ein brillanter Verhandler mit einer beinahe hausbackenen Ausstrahlung.

Wie man Unternehmenszahlen liest Jun 12 2021 Alle Investment-Giganten der Gegenwart wurden von ihm inspiriert: In Benjamin Grahams jetzt auf Basis der Erstausgabe von 1937 neu aufgelegtem Kultklassiker vermittelt er komprimiert und leicht verständlich das Rüstzeug für eine faktenbasierte und werteorientierte Unternehmensanalyse. Die richtigen Schlüsse aus Bilanzen, Gewinn- und Verlustrechnung, Finanz- und Ertragslage eines Unternehmens ziehen? Graham zeigt, wie es geht. Mit einfachen Tests lernt der Leser, die finanzielle Situation eines Unternehmens zu beurteilen. Für den notwendigen Durchblick im Dschungel der finanzmathematischen Begriffe sorgen das umfangreiche Glossar und anschauliche Rechenbeispiele.

Alles, was Sie über Benjamin Graham wissen müssen Apr 29 2020 Mit seiner Anlagestrategie wurde Warren Buffett zum erfolgreichsten Investor der Börsengeschichte und zum Multi-Milliardär. Sein Erfolgsrezept ist denkbar einfach: "Die Frage, wie man reich wird, ist leicht zu beantworten. Kaufe einen Dollar, aber bezahle nicht mehr als 50 Cent dafür." Diese Erfolgsformel hat Buffett von seinem Lehrmeister und Mentor Benjamin Graham (1894 bis 1976) übernommen. Der Wirtschaftswissenschaftler und Investor bildete nicht nur seinen Meisterschüler aus, sondern schuf mit seinen Büchern "Wertpapieranalyse" und "Intelligent investieren" die

theoretische Basis für die fundamentale Analyse von Unternehmen. Graham gilt damit als der Vater der Value-Investing-Strategie. In diesem Buch zeigen die Bestsellerautoren Rolf Morrien und Heinz Vinkelau kurz und knapp, wie Graham sein Erfolgsrezept entwickelt hat, wie er Warren Buffett zum reichsten Investor aller Zeiten gemacht hat und was Anleger auch heute noch von Graham lernen können.

The Intelligent Investor, Rev. Ed Feb 20 2022 “By far the best book on investing ever written.” — Warren Buffett The classic text of Benjamin Graham’s seminal *The Intelligent Investor* has now been revised and annotated to update the timeless wisdom for today’s market conditions. The greatest investment advisor of the twentieth century, Benjamin Graham, taught and inspired people worldwide. Graham’s philosophy of “value investing”—which shields investors from substantial error and teaches them to develop long-term strategies—has made *The Intelligent Investor* the stock market bible ever since its original publication in 1949. Over the years, market developments have proven the wisdom of Graham’s strategies. While preserving the integrity of Graham’s original text, this revised edition includes updated commentary by noted financial journalist Jason Zweig, whose perspective incorporates the realities of today’s market, draws parallels between Graham’s examples and today’s financial headlines, and gives readers a more thorough understanding of how to apply Graham’s principles. Vital and indispensable, this revised edition of *The Intelligent Investor* is the most important book you will ever read on how to reach your financial goals.

**Benjamin Graham, Building a Profession: The Early**

**Writings of the Father of Security Analysis** Jan 27 2020

Learn and profit from the early writings of a financial genius Benjamin Graham is widely known as the father of Value Investing, and mentor to Warren Buffett. But Graham made another critically important contribution by advocating that securities analysts should meet minimum requirements of knowledge, and be held to high standards of ethical conduct—in short, that the profession should be treated as seriously as other fields of study, like accounting, medicine or law. Benjamin Graham and the Birth of the Professional Financial Analyst showcases Graham’s important contribution to remaking investment analysis as a profession. This fascinating collection spanning 30 years offers us valuable perspectives on investing and financial markets—many as vital in the present day as they were in Graham’s own tumultuous mid-twentieth century—and reveals the evolution of Graham’s passionate belief in the creation of a financial profession and a science of financial analysis. Features: Updates and commentary by Jason Zweig, The Wall Street Journal’s “Intelligent Investor” Rare articles from The Financial

Analysts Journal Created with the cooperation of the CFA Institute

What Would Ben Graham Do Now? Nov 24 2019 As originally conceived by the legendary Benjamin Graham, traditional value investing involves purchasing relatively stable stocks and companies at a percentage below their intrinsic value. But this approach contains many hidden, U.S.-centric assumptions that simply don't work well in today's high-growth emerging markets. In this book, leading global value investor Jeffrey Towson extends and modernizes value investing, helping you apply its core principles while you access tremendous opportunities available in today's fastest-growing markets. Towson introduces the powerful Value Point system that grows out of his experience on the elite investing team selected by Prince Alwaleed, the "Arabian Warren Buffett." While retaining Graham's relentless focus on price and quality, he shows how to integrate three crucial additional forms of value into your stock assessments: the value of political access in a government-infused investment world, the value of reputation in a world of colliding markets, actors and biases, and the value of capabilities in a multi-local world. Building on these techniques, Towson presents a complete investment playbook for the next five years. Next, he shows how to invest for the next twenty years—successfully navigating the titanic market collisions that will batter investors who aren't prepared for them.

*Summary of Benjamin Graham's The Intelligent Investor* Aug 22 2019 Buy now to get the key takeaways from Benjamin Graham's *The Intelligent Investor*. Sample Key Takeaways: 1) The definition of an investment is clear: it's an operation which, after careful analysis, promises safety of principal and adequate returns. 2) There are three parts to the process of investing. First, before buying a stock, you must make a

thorough analysis of a company and the soundness of its underlying businesses. Second, you need to protect yourself against serious losses. Third, you should aim for adequate performance, not extraordinary.

Alles, was Sie über Benjamin Graham wissen müssen Jun 24 2022 Mit seiner Anlagestrategie wurde Warren Buffett zum erfolgreichsten Investor der Börsengeschichte und zum Multi-Milliardär. Sein Erfolgsrezept ist denkbar einfach: "Die Frage, wie man reich wird, ist leicht zu beantworten. Kaufe einen Dollar, aber bezahle nicht mehr als 50 Cent dafür." **The Interpretation of Financial Statements** Mar 21 2022

"All investors, from beginners to old hands, should gain from the use of this guide, as I have." From the Introduction by Michael F. Price, president, Franklin Mutual Advisors, Inc. Benjamin Graham has been called the most important investment thinker of the twentieth century. As a master investor, pioneering stock analyst, and mentor to investment superstars, he has no peer. The volume you hold in your hands is Graham's timeless guide to interpreting and understanding financial statements. It has long been out of

print, but now joins Graham's other masterpieces, *The Intelligent Investor* and *Security Analysis*, as the three priceless keys to understanding Graham and value investing. The advice he offers in this book is as useful and prescient today as it was sixty years ago. As he writes in the preface, "if you have precise information as to a company's present financial position and its past earnings record, you are better equipped to gauge its future possibilities. And this is the essential function and value of security analysis." Written just three years after his landmark *Security Analysis*, *The Interpretation of Financial Statements* gets to the heart of the master's ideas on value investing in astonishingly few pages. Readers will learn to analyze a company's balance sheets and income statements and arrive at a true understanding of its financial position and earnings record. Graham provides simple tests any reader can apply to determine the financial health and well-being of any company. This volume is an exact text replica of the first edition of *The Interpretation of Financial Statements*, published by Harper & Brothers in 1937. Graham's original language has been restored, and readers can be assured that every idea and technique presented here appears exactly as Graham intended. Highly practical and accessible, it is an essential guide for all business people--and makes the perfect companion volume to Graham's investment masterpiece *The Intelligent Investor*.

Security Analysis: Sixth Edition, Foreword by Warren Buffett  
Jan 07 2021 "A road map for investing that I have now been following for 57 years." --From the Foreword by Warren E. Buffett

First published in 1934, *Security Analysis* is one of the most influential financial books ever written. Selling more than one million copies through five editions, it has provided generations of investors with the timeless value investing philosophy and techniques of Benjamin Graham and David L.

Dodd. As relevant today as when they first appeared nearly 75 years ago, the teachings of Benjamin Graham, “the father of value investing,” have withstood the test of time across a wide diversity of market conditions, countries, and asset classes. This new sixth edition, based on the classic 1940 version, is enhanced with 200 additional pages of commentary from some of today’s leading Wall Street money managers. These masters of value investing explain why the principles and techniques of Graham and Dodd are still highly relevant even in today’s vastly different markets. The contributor list includes: Seth A. Klarman, president of The Baupost Group, L.L.C. and author of *Margin of Safety* James Grant, founder of Grant's Interest Rate Observer, general partner of Nippon Partners Jeffrey M. Laderman, twenty-five year veteran of BusinessWeek Roger Lowenstein, author of *Buffett: The Making of an American Capitalist* and *When America Aged and Outside Director*, Sequoia Fund Howard S. Marks, CFA, Chairman and Co-Founder, Oaktree Capital Management L.P. J. Ezra Merkin, Managing Partner, Gabriel Capital Group . Bruce Berkowitz, Founder, Fairholme Capital Management. Glenn H. Greenberg, Co-Founder and Managing Director, Chieftain Capital Management Bruce Greenwald, Robert Heilbrunn Professor of Finance and Asset Management, Columbia Business School David Abrams, Managing Member, Abrams Capital Featuring a foreword by Warren E. Buffett (in which he reveals that he has read the 1940 masterwork “at least four times”), this new edition of *Security Analysis* will reacquaint you with the foundations of value investing—more relevant than ever in the tumultuous 21st century markets.

*Benjamin Graham* Aug 14 2021 Benjamin Graham: The Father of Value Investing Benjamin Graham was undoubtedly one of the most profound financial thinkers. His contribution to

the field is invaluable. A good testimony to his achievements is the outstandingly successful group of disciples he spawned.... Warren Buffett, William J. Ruane, Jean-Marie Eveillard, Hani M. Anklis, Irving Kahn, and Walter J. Schloss.

What You Will Discover From This Book... **How To Think Like Benjamin Graham and Invest Like**

**Warren Buffett** May 11 2021 How to Think Like Benjamin Graham and Invest Like Warren Buffett wraps a lifetime of investing wisdom into one highly accessible package. An intelligent guide to analyzing and valuing investment targets, it tells investors what questions to ask, what answers to expect, and how to approach any stock as a skeptical, common-sense business analyst. Above all, this fast-paced book provides investors with the tools they need to thoroughly value any business in which they might invest. A common-sense approach to investing, this book discusses: Three things investors must get from a financial statement Valuation examples from today's top companies including GE, Amazon, Microsoft, and Disney Why prices deviate from actual values

**The Rediscovered Benjamin Graham** Aug 26 2022 "The

sillier the market's behavior, the greater the opportunity for the business-like investor. Follow Graham and you will profit from folly rather than participate in it."-Warren E. Buffett. "[Graham] is the genius who literally created the framework for investment analysis that leads to successful investing. Like that other genius Edison, Graham created light where there was none." -Bill Ruane, Sequoia Fund. "It's never the wrong time to invoke the name of Benjamin Graham, value investor par excellence." -Money "The search for intelligent investing should begin with the remarkable Benjamin Graham's timeless teachings. Read Lowe's book and you'll learn to seek what the original master sought as she helps Graham reclaim his rightful place as the most important and extraordinary investment writer of any generation."-Kenneth Lee, author of *Trouncing the Dow*. Known as the "father of value investing," Benjamin Graham was-and is-one of America's most lauded financial thinkers. Billionaire investor Warren Buffett, a former student of Graham, extols him to this day. Brilliant, successful, and ethical, he revolutionized investment philosophy by introducing the concepts of security analysis, fundamental analysis, and value investing-theories that have become timeless essentials of the field. Now, Janet Lowe, author of *Benjamin Graham on Value Investing and Warren Buffett Speaks*, reintroduces the foundations of Graham's eminence-including his ever-relevant market observations and his assessment of long-term economic problems-by presenting a unique compilation of his writings that contains rare and/or previously unpublished articles, lectures, and interviews. Almost twenty-five years after his death, Benjamin Graham continues to have one of the largest and most loyal followings of any investment philosopher of this century. A prolific and popular writer whose trademark was blending original ideas with wit and intelligence, he has guided and inspired Wall

Street professionals with his thoughtful ruminations and piercing insights on a host of investment and economic topics. Though bits and pieces of this material are widely quoted even today, the full writings have not always been easy to find-until now. The result of in-depth research, *The Rediscovered Benjamin Graham* brings together the very best the investment legend had to offer, including such incisive works as: \* "Inflated Treasuries and Deflated Stocks: Are Corporations Milking Their Owners?" \* "The Ethics of American Capitalism". \* "Proposals for an International Commodity-Reserve Currency". \* "The New Speculation in Common Stocks". \* "Is American Business Worth More Dead Than Alive?". \* "The Simplest Way to Select Bargain Stocks". A groundbreaking volume that fills an important niche in investment literature, *The Rediscovered Benjamin Graham* is destined to become as timeless a classic as its distinguished subject. Jacket Design: Don Welsh

Intelligent Investieren Oct 28 2022 Seit Erscheinen der Erstausgabe 1949 ist Benjamin Grahams "Intelligent Investieren" das mit Abstand wichtigste und meistverkaufte Werk zum Thema "Value Investing" und einer der meistgeschätzten Wegweiser wie man langfristig erfolgreich investiert. Der Grund dafür ist seine zeitlose Philosophie der Anlage in Wachstumswerte, die den Anlegern dabei hilft, mögliche Stolpersteine zu erkennen, langfristige Erfolgsstrategien zu entwickeln und Gewinne zu erzielen. Nicht umsonst sagt Warren Buffett, als der erfolgreichste Investor aller Zeiten über "Intelligent Investieren": "Mit Abstand das beste Buch über Investieren das jemals geschrieben wurde."

### **Benjamin Graham and the Power of Growth Stocks: Lost Growth Stock Strategies from the Father of Value**

**Investing** Jul 25 2022 Use a master's lost secret to pick growth companies bound for success In 1948, legendary Columbia University professor Benjamin Graham bought a major stake in the Government Employees Insurance Corporation. In a time when no one trusted the stock market, he championed value investing and helped introduce the world to intrinsic value. He had a powerful valuation formula. Now, in this groundbreaking book, long-term investing expert Fred Martin shows you how to use value-investing principles to analyze and pick winning growth-stock companies—just like Graham did when he acquired GEICO. Benjamin Graham and the Power of Growth Stocks is an advanced, hands-on guide for investors and executives who want to find the best growth stocks, develop a solid portfolio strategy, and execute trades for maximum profitability and limited risk. Through conversational explanations, real-world case studies, and pragmatic formulas, it shows you step-by-step how this enlightened trading philosophy is successful. The secret lies in Graham's valuation formula, which has been out of print since 1962—until now. By calculating the proper data, you can gain clarity of focus on an investment by putting on blinders to variables that are alluring but irrelevant. This one-stop guide to growing wealth shows you how to: Liberate your money from the needs of mutual funds and brokers Build a reasonable seven-year forecast for every company considered for your portfolio Estimate a company's future value in four easy steps Ensure long-term profits with an unblinking buy-and-hold strategy This complete guide shows you why Graham's game-changing formula works and how to use it to build a profitable portfolio. Additionally, you learn tips

and proven techniques for unlocking the formula's full potential with disciplined research and emotional control to stick by your decisions through long periods of inactive trading. But even if your trading approach includes profiting from short-term volatility, you can still benefit from the valuation formula and process inside by using them to gain an advantageous perspective on stock prices. Find the companies that will grow you a fortune with Benjamin Graham and the Power of Growth Stocks.

*Wie viel Warren Buffett und Benjamin Graham steckt in Apple? Anwendung der Anlagestrategien von Buffett und Graham auf die Apple-Aktie* Dec 18 2021 Jede Zeit hat ihre Trends und neuen Herausforderungen. Nebenbei gibt es aber auch Richtlinien, die eine überdauernde Gültigkeit besitzen, und Menschen, die das verstanden haben. Warren Buffett und Benjamin Graham sind zwei bedeutende Investoren, die Richtlinien in der Aktienanlage mit überdauernder Gültigkeit gefunden haben. Wer sich mit beiden beschäftigt, muss es nur schaffen diese auf die heutige Zeit zu projizieren. Mit dieser Arbeit soll der Versuch gestartet werden, anhand der Auswahlkriterien von Buffett und Graham eine unverbindliche Aussage über die Apple-Aktie zu machen. Was spricht für, was spricht gegen diese Aktie und wären sich Graham und Buffett heute einig? Diese Arbeit soll keine Anlageempfehlung darstellen. Die komplett überarbeitete Ausgabe des Bestsellers erstmals auf Deutsch!

*Benjamin Graham on Value Investing* Apr 22 2022 “No intelligent investor should fail to read and understand the works of Benjamin Graham. This fine book provides a bird’s-eye view of his investment perspectives; it is also a compelling biography of his remarkable life.”—John Bogle, chairman and founder, Vanguard Group An accessible guide to the philosophy and ideas of "the father of value investing", Benjamin Graham. The late Benjamin Graham built a fortune following his own advice: Invest in low-priced, solidly run companies with good dividends. Diversify with a wide variety of stocks and bonds. Defend your shareholders’ rights. Be patient and think for yourself. In an era when manipulators

controlled the market, Graham taught himself and others the value of reliable information about a company's past and present performance. Times and the market have changed but his advice still holds true for today's investors. In Benjamin Graham on Value Investing, Janet Lowe provides an incisive introduction to Graham's investment ideas, as well as a captivating portrait of the man himself. All types of investors will learn the insights of a financial genius, almost as though Graham himself were alive and preaching his gospel.

### **Benjamin Graham, the Memoirs of the Dean of Wall Street**

Oct 16 2021 The author describes his childhood, education, and professional career in security analysis, and recounts what Wall Street was like in the roaring twenties

**The Einstein of Money** Sep 22 2019 Chronicles the life and times of the "Dean of Wall Street" and examines his wealth-creation techniques.

### **Benjamin Graham's Net-Net Stock Strategy** Mar 29 2020

IN 1975, legendary value investor Benjamin Graham wrote that his net-net stock strategy worked so well that he had renounced all other value investing strategies. In his 2014 shareholder letter, Warren Buffett wrote that he earned the highest returns of his career employing this 'cigar butt' approach to investing. And despite the widespread assumption that net-net stocks are a relic of the past, Graham's net-net stock strategy is just as viable today for small private investors as it was for Buffett's 'superinvestors' during their early careers. Net-net investing remains the most powerful value investing approach a small investor can adopt. This book is your ultimate practical guide to implementing it – and reaping the rewards – in today's markets. Evan Bleker has spent ten years studying Graham's strategy to uncover its real-world performance, how to employ it, and why it works. He's also dug deeply to identify additional criteria to boost

returns and ensure a greater number of winners. In this book, Evan defines the strategy for investors, then walks readers through the strategy's philosophy, as well as academic and industry studies assessing the framework, and its implementation by world-class value investors such as Benjamin Graham, Warren Buffett, and Peter Cundill. He also compiles selection criteria into a practical checklist for investors, and documents how the strategy works in today's markets with exclusive detailed case studies.

**Benjamin Graham on Investing: Enduring Lessons from the Father of Value Investing** Jan 19 2022 “They laid out a road map for investing that I have now been following for 57 years. There’s been no reason to look for another.” —Warren Buffett, on the writings of Benjamin Graham

Legendary investing author and philosopher Benjamin Graham lived through interesting times. Soon after his graduation from Columbia College, the nation entered the First World War. As the stock market fluctuated in wild dips and peaks, the government seized control of the railroad industry, inflation and interest rates rose dramatically, and economic depression loomed on the horizon. During these events—and perhaps inspired by them—Graham began writing articles for *The Magazine of Wall Street*, putting to paper his earliest ideas on value investing and security analysis. For the first time, these important works have been anthologized into a single volume. *Benjamin Graham on Investing* is a treasure trove of rare and out-of-print articles that document the early flashes of genius from a man whose ideas and theories would revolutionize investment philosophy and inspire the careers of such luminaries as Warren Buffett, Seth Klarman, Charlie Munger, and countless other top-tier investors. The early works of Benjamin Graham have never been as relevant as they are today. The world’s markets are undergoing change on a scale

not unlike that of Graham's era. David Darst, one of the world's most respected experts on asset allocation, provides insightful analyses connecting Graham's articles to events today. Benjamin Graham on Investing is a timeless classic that continues to have relevance more than 30 years after the author's death.

*Benjamin Graham, Building a Profession: The Early Writings of the Father of Security Analysis* Nov 05 2020 How One Man Created a Profession—and Entirely Transformed the World of Investing “The small list of investment books that must grace the library of any serious investor—not to gather dust, but to be opened over and over again—just grew by one. This wonderful compilation of the wit and wisdom of Benjamin Graham is the new addition. Savor it. Learn from it. Treasure it.” John C. Bogle, founder and former Chief Executive, The Vanguard Group “If youth is measured by creativity and excitement about new ideas and a thirst for learning, then Ben Graham—in his early 80s—was the youngest guy in the room when two-dozen stellar investment managers met for three days to explain the inner workings of investment management.” Charles D. Ellis, CFA, Bestselling Author of *Winning the Loser's Game* “These writings, spanning over 30 years, help us understand even better the remarkable achievement of this visionary man and his lasting influence on the finance profession.” Burton Malkiel, Princeton University, Bestselling Author of *A Random Walk Down Wall Street* “Investing involves the intelligent triangulation between fundamentals, psychology, and prices. Benjamin Graham, *Building a Profession* . . . illustrates how this investment legend never stopped thinking about this multi-dimensional challenge.” Seth Klarman, The Baupost Group “Serious

professionals in the investment business will delight in pouring over this and checking their own thoughts against those of the master.” Jeffrey J. Diermeier, CFA, Diermeier Family Foundation, and former CFA Institute president and CEO “This is a must-read for anyone interested in the history and development of our profession and the importance of critical investment thinking.” Gary P. Brinson, CFA, GP Brinson Investments “Some investors ('the happy few') know that Ben Graham's writings on financial analysis give them a leg up. So they will want to read this book, and other investors should.” Jean-Marie Eveillard, First Eagle Funds “The CFA Institute and Jason Zweig have performed an invaluable service to our profession in collecting these [writings] in one volume.” William H. Miller, CFA, Legg Mason Funds Management

About the Book: When Benjamin Graham began working on Wall Street in 1914, the center of American finance resembled a lawless frontier. The concept of regulatory laws was in its infancy, the SEC wouldn't see the light of day for 20 years, and many firms hid assets and earnings from nosy outsiders. And security analysts didn't exist as we know them. They were called “diagnosticians,” and they didn't do much analyzing. These investors prided themselves on going with the “feel” of the market, and most of them rarely looked at a financial statement. Appalled by the lack of research and quantification, Benjamin Graham set out to change all this—and ended up creating the discipline of modern security analysis. A collection of rare writings by and interviews with one of financial history's most brilliant visionaries, Benjamin Graham, *Building a Profession* presents Graham's evolution of ideas on security analysis spanning five decades. Articles include: “Should Security Analysts Have a Professional Rating? The Affirmative Case” *Financial Analysts Journal* (1945) “Toward a Science of Security Analysis” *Financial*

Analysts Journal (1952) "Inflated Treasuries and Deflated Stockholders: Are Corporations Milking Their Owners?"  
Forbes (1932) "The Future of Financial Analysis"  
Financial Analysts Journal (1963) "Controlling versus Outside Stockholders"  
Virginia Law Weekly (1953) These pages reveal the revolutionary ideas of a man who didn't so much find his calling as he created it from scratch—and opened the door for entire generations of investors.

**Ben Graham Was a Quant** Aug 02 2020 Innovative insights on creating models that will help you become a disciplined intelligent investor The pioneer of value investing, Benjamin Graham, believed in a philosophy that continues to be followed by some of today's most successful investors, such as Warren Buffett. Part of this philosophy includes adhering to your stock selection process come "hell or high water" which, in his view, was one of the most important aspects of investing. So, if a quant designs and implements mathematical models for predicting stock or market movements, what better way to remain objective, then to invest using algorithms or the quantitative method? This is exactly what **Ben Graham Was a Quant** will show you how to do. Opening with a brief history of quantitative investing, this book quickly moves on to focus on the fundamental and financial factors used in selecting "Graham" stocks, demonstrate how to test these factors, and discuss how to combine them into a quantitative model. Reveals how to create custom screens based on Ben Graham's methods for security selection Addresses what it takes to find those factors most influential in forecasting stock returns Explores how to design models based on other styles and international strategies If you want to become a better investor, you need

solid insights and the proper guidance. With Ben Graham Was a Quant, you'll receive this and much more, as you learn how to create quantitative models that follow in the footsteps of Graham's value philosophy.
